

College Preparation Toolkit

COLLEGE POSSIBILITIES

Once you have an idea what your career goal is going to be, select colleges that offer that curriculum as a major in order to complete your degree. Or possibly, you want to consider a two year program at a local institution prior to moving on to the college or university where your curriculum is being offered.

Do you know what your career goal is going to be? It is OK to say “NO”, not at this time. MOST students coming out of high school are not sure “what they want to be when they grow up!” So relax....there’s lots of time for this step. Getting started however, is what is important!
